Context

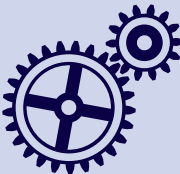

State of play

CCAFRICA	CCNE
Established in 1972	Established in 1999
49 Member States	17 Member States
7 regional standards developed	11 regional standards developed
The Gambia is the current Coordinator	Oman is the current Coordinator
Both regions actively share news and ongoing activities on the Codex website	

Strengthening engagement between CCAFRICA and CCNE

Proposed action	Outcome
Utilise existing regional groupings especially those with observer status in Codex	Position Africa and Near East regions as global standard-setters
Participation in the coordinating committee meetings of both regions	Strengthened cohesion and network between the members of both region
Leverage on the existing Codex colloquium established mechanisms for discussion of regional positions	Strengthen regional positions before global sessions
Enhance exchange and sharing of information of data for areas of interest	Better contribution to Codex outcomes for both regions
